**WELL INVESTIGATION PROGRAM -- SUPPLEMENTARY SUBSURFACE SOILS
INVESTIGATION (FILE NO. 104.0582)**

Reference is made to your letter dated June 10, 1991, transmitting your proposal for the two source well locations and one perimeter (PW-5). We have reviewed and evaluated your proposal and have no objections to its implementation, provided that work is completed as specified in your workplan dated November 1990, and complies with the Supplementary Engineering/Geologic Subsurface Investigation, and as discussed in a telephone conversation between you and Mr. Magdy Baiady of the Regional Board on June 14, 1991.

Your final report containing the results of the Subsurface Soil and ground water Investigation, is due to this Regional Board by August 15, 1991. Please notify us at least seven (7) days before commence any field work, so that we may schedule a representative to be present.

If you have any questions regarding this matter, please contact Mr. Magdy Baiady at (213) 288-7586.

David Bacharowski
Environmental Specialist IV
